Message from the Diocesan Episcopa

Dearly beloved in Christ,

We are planning to dedicate the Jubilee Chapel in Mexico on October 12, 2013. This is a symbol of the Mission and Evangelism which is vital in the life of the Church. God is always Good News. We want to communicate this Gospel to the children and parents in the 'Mar Thoma Colonia' in Matamoros. Archbishop of Canterbury, Justin Welby recently said that 'Evangelism should not be squeezed from our agenda in modern times'.

God communicated the Good News to the whole world through the life and work of Jesus Christ. In the modern electronic era and digital world, we are discarding the postal department, the age old system of sending hard copies and telegrams. It's now replaced by email and text messages. Our world is seeing a 'paperless revolution'. Can we move from the e-lab in communicating the good news of Jesus Christ through our own lives?

What the world wants even today is the WORD becoming FLESH. Communication by human touch is the best mode of evangelism. The risen Jesus before His ascension said to the disciples, "Go into all the world and proclaim the good news to the whole creation" (Mk. 16: 15). He wants us to reach out by the life-giving, life enhancing, power of the Holy Spirit by our constant engagement with our living context. To whom will you reach out to? We are called to be people of influence, pointing people to God who can touch and transform their lives. Let the Holy Spirit, the great communicator enable us to be the spirit-filled individuals to bring many in our neighborhood to the divine experience God grants in His Kingdom to all who believe in the Gospel.
